AARON VANDERZWAN

Rochester, NY   aaron@aaronvanderzwan.com   616-780-2920   aaronvanderzwan.com

OBJECTIVE

To obtain remote employment with a company that utilizes and expands the skills I have honed throughout my 17 years of professional development experience.

EXPERIENCE

FULL STACK WORDPRESS DEVELOPER, CONDUIT STUDIO – 2009-2023

• Solely built and managed numerous mid to large websites and web applications for clients like Steelcase, Tuuci, Stylex, DisArt and more.

• Worked closely with a team of designers to build pixel perfect, responsive, user experiences that are optimized and accessible.

• Pushed the capabilities of Wordpress and it's hooks to build themes and plugins from scratch in order to meet the exact specs of the client and cater to their specific workflow.

DEVELOPER, PEOPLE DESIGN – 2006-2009

• Developed award wining solutions for companies like Herman Miller, Knoll, Grand Rapids Art Museum and Whirlpool.

• Worked collaboratively with a team of experienced developers to gain an extensive understanding of CSS, JS and more in order to build challenging and dynamic layouts.

• Explored Ruby on Rails to build an internal task tracking tool.

TEAM LEADER, DIGITAL STUDIO, CALVIN UNIVERSITY – 2002-2006

• IT Center / Digital Studio Team Leader that provided support for professors looking to incorporate more technology into their classroom environments.
